### **CCA Men's Training Program**

**Director: Michael Fothergill,**

**Ballet Arkansas**

**Advisor: Paul Sutherland**

Returning this year is the Cecchetti Council of America's Men's Training Program, a comprehensive training program devoted to the development of the physiological, technical and artistic capabilities of the classically- trained male dancer. Dancers within the Men's Training Program will take a daily "Men's Class" while integrating classes focused on the performance of Men's Variations, the development of flexibility, strength training/conditioning, pas de deux, pantomime, as well as modules in disciplines such as turning, petit allegro and more. With multiple levels, the program provides participants at the beginning stages of their training with excellent fundamentals to advance their knowledge of classical ballet, while providing more seasoned dancers with additional tools to further their careers within the art form. Male participants will be mentored by an all-male staff in addition to the exceptional faculty of the Cecchetti Council of America's summer intensive program.

## TEACHER SEMINAR ~ July 15-21, 2018

We welcome all teachers to our seminar to explore, learn, and study the Cecchetti Method. The Cecchetti Method offers teachers a completely balanced and analyzed system of theory and execution for the planned development of the student from the first lesson to professional levels. There are four student grade levels I-IV, and four professional levels: Elementary, Intermediate, Advanced, and Diploma. All teachers can learn and share knowledge in a positive and friendly atmosphere provided by the CCA and Hope College.

The seminar is devoted to the art of teaching, emphasizing developing technique and the quality of movement, body placement, and style.

The teachers' faculty includes guest teachers from around the world, and CCA faculty from around the country, who believe the Cecchetti Syllabi is a strong and viable teaching methodology. The complete Cecchetti syllabi is offered to demonstrate the progression of the method, along with classes that specialize in teaching techniques, classes for the very young, free style, and classical variations.

### ***Teacher Seminar Cost:***
